## See how cheetahs survive in the wild.

In today's reading, "See how cheetahs survive in the wild," we learned a lot about a cheetah's adaptations. In this activity, you will explore the special body parts and adaptations cheetahs have that allow them to survive in the wild. In your group, you will be given one object at a time. Go through items one by one and write down your observations. Make sure to connect it to the text!

GLASSES		CAMOFLAUGE JACKET		FEATHER	
BALLOON		CLEATS		STEERING WHEEL
